Merely said, the The Hindu Yogi Science Of Breath A Complete Manual Of The Oriental Breathing Philosophy Of Physical Mental Psychic And Spiritual Development Hardcover March 29 2014 is universally compatible with any devices to read

The Hindu-Yogi Science of Breath: The Benefits of Controlling Mouth and Nose Breathing, as Demonstrated in Traditional Yoga Practice William Walker Atkinson 2018-08-09 This excellent book represents one of the first and best presentations of Eastern wisdom in the English language. It concerns ancient Hindu traditions and the Yogic practice of observing and regulating the breath. We begin with an admission that Western students are often confused by what exactly Yoga is, and what it is meant to accomplish. Stereotypes of the yogi as spindly, dirty and disheveled men commonly seen sitting in fixed posture at a roadside or marketplace abound. Yet these dismissive images serve only to neglect the spiritual substance and ancient wisdom of yogi science. Seeking to dispel the negative stereotypes and present the vivid truth, Atkinson discusses the multiple schools of yoga and their general purpose. Some emphasize control over the body's motions, while others favor inner development of the spirit. Several however emphasize the control of the breath; and it a practical explanation of this that Atkinson relays in the remaining fifteen chapters of this book.

The Hindu-Yogi Science of Breath Yogi Ramachakara 1955

The Hindu-Yogi Science of breath Yogi Ramacharaka 1910

Science of Breath Ramacharaka 1960

The Hindu-Yogi Science of Breath William Atkinson 2016-02-02 THE HINDU-YOGI Science of Breath - is an in-depth guide to breath and various techniques you can use to explore different aspects of mind and body. It is an excellent guide to mind, body and consciousness and when applied can help enhance a persons spiritual practice and yoga routine. This work is in-depth, well written and covers all you need to know about breath and how it relates to mind, body and consciousness on a spiritual level from the perspective of ancient India and the Yogi masters.

The Hindu Yogi Science of Breath Lon Milo DuQuette 2012 Master of modern occultism, Lon Milo DuQuette, (author of Enochian Vision Magick and The Magick of Aleister Crowley) introduces the newest Weiser Books Collection, The Magical Antiquarian Curiosity Shoppe. Culled from material long unavailable to the general public, DuQuette curates this essential new digital library with the eye of a scholar and the insight of an initiate. "It's as natural as breathing." How many times have we heard that? The irony is that the way most of us breath is far from natural. In fact, our unnatural and labored breathing habits are often the source of other physical and mental unpleasantness. Over and above the health benefits that proper breathing practices can bring our lives, it can also be the key to magical powers and mystical ecstasies. Yogi Ramacharaka teaches the Hindu Yogi technique of breath.

Hindu-Yogi Science Of Breath William Walker Atkinson 2004

The Hindu-Yogi Science of Breath Ramacharaka 2014-01 This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

The Hindu Yogi Science of Breath Yogi Ramacharaka 2019-01-08 The Hindu-Yogi Science Of Breath by Yogi Ramacharaka teaches advanced yoga techniques. For thousands of years, yogis have believed that breath is the essential link between body and mind, energizing a subtle body which connects the physical and mental aspects of our being. In this book, Swami Rama and two noted American physicians explore the science of breath as the missing key to both physical health and the attainment of higher states of consciousness. Basic yogic breathing techniques are explained so that one can immediately begin working with the ancient science of breath.

The Hindu-Yogi Science of Breath Yogi Ramacharaka 2021-03-09 "Breath is Life" Yogi Ramacharaka was an American pioneer of the New Thought movement. In this work, he hopes to awaken the minds of the Western world to the value of the Yogi "Science of Breath." The Oriental teachers say that in addition to the physical benefit derived from correct habits of breathing, Man's mental power, happiness, self-control, clear-sightedness, morals, and even his spiritual growth may be increased by an understanding of the "Science of Breath" (Pranayama). Yogi Ramacharaka explains how to acquire the yogi complete breath and its physiological effect. He also describes the favorite exercises of the Yogis for developing the lungs, muscles, ligaments, air cells, etc. He gives full directions for the acquirement of this superior method of breathing, with a lot of exercises (with step-by-step descriptions). They are quite simple, but marvelously effective. LARGE PRINT EDITION, easy to read layout. CONTENTS: CHAPTER I. SALAAM. CHAPTER II. "BREATH IS LIFE." CHAPTER III. THE EXOTERIC THEORY OF BREATH. CHAPTER IV. THE ESOTERIC THEORY OF BREATH. CHAPTER V. THE NERVOUS SYSTEM. CHAPTER VI. NOSTRIL- BREATHING VS. MOUTH-BREATHING. CHAPTER VII. FOUR METHODS OF RESPIRATION. CHAPTER VIII. HOW TO ACQUIRE THE YOGI COMPLETE BREATH. CHAPTER IX. PHYSIOLOGICAL EFFECT OF THE COMPLETE BREATH. CHAPTER X. A FEW BITS OF YOGI LORE. CHAPTER XI. THE SEVEN YOGI DEVELOPING EXERCISES. CHAPTER XII. SEVEN MINOR YOGI EXERCISES. CHAPTER XIII. VIBRATION AND YOGI RHYTHMIC BREATHING CHAPTER XIV. PHENOMENA OF YOGI PSYCHIC BREATHING. CHAPTER XV. MORE PHENOMENA OF YOGI PSYCHIC BREATHING. CHAPTER XVI. YOGI SPIRITUAL BREATHING.

PRANAYAMAS - The Yoga Breath Yogi Ramacharaka 2021-06-08 "A COMPLETE MANUAL OF THE SECRET YOGIC BREATH!"

PRANAYAMAS - The Yoga Breath A Complete Manual of THE ORIENTAL BREATHING PHILOSOPHY of Physical, Mental, Psychic and Spiritual Development. By YOGI RAMACHARAKA Based on the book The Hindu-Yogi Science of Breath by Yogi Ramacharaka, 1904.

The Hindu-Yogi Science of Breath William Walker Atkinson 2020-03-04 There have been for ages past in India and other Oriental countries men who devoted their time and attention to the development of Man, physically, mentally and spiritually. The experience of generations of earnest seekers has been handed down for centuries from teacher to pupil, and gradually a definite Yogi science was built up. To these investigations and teachings was finally applied the term "Yogi," from the Sanscrit word "Yug," meaning "to join." From the same source comes the English word "yoke," with a similar meaning. Its use in connection with these teachings is difficult to trace, different authorities giving different explanations, but probably the most ingenious is that which holds that it is intended as the Hindu equivalent for the idea conveyed by the English phrase, "getting into harness," or "yoking up," as the Yogi undoubtedly "gets into harness" in his work of controlling the body and mind by the Will. Yogi Ramacharaka Vol. 1 the Hindu-Yogi Science of Breath, Fourteen Lessons and Advanced Course in Yogi Philosophy and Oriental Occultism, the Science of Psychic Healing, Hatha Yoga, Raja Yoga William Walker ATKINSON 2016-10-13 This collection contains the first SIX books written by WILLIAM WALKER ATKINSON as Yogi Ramacharaka, profound books on eastern wisdom and Yoga, that have for over a hundred years changed countless lives. There is not much left to say about Atkinson, except that he was perhaps the most prolific author in self-help and occultism of the 20th century, and the precursor, with Marden, Wattles and others, of the self-help and motivation movement that has transcended to our days. Included in this COLLECTION are BOOKS ONE TO SEVEN: The Hindu-Yogi Science Of Breath Fourteen Lessons in Yogi Philosophy and Oriental Occultism. Advanced Course in Yogi Philosophy and Oriental Occultism. Hatha Yoga or the Yogi Philosophy of Physical Well-Being. The Science of Psychic Healing. Raja Yoga or Mental Development (A Series of Lessons).

The Hindu-yogi Science of Breath Yogi R?macharaka 1909

The Hindu-Yogi Science of Breath and Fourteen Lessons in Yogi Philosophy Yogi Ramacharaka 2016-03-28 The Hindu-Yogi Science of Breath For thousands of years, yogis have believed that breath is the essential link between body and mind, energizing a subtle body which connects the physical and mental aspects of our being. In this book, Swami Rama and two noted American physicians explore the science of breath as the missing key to both physical health and the attainment of higher states of consciousness. Basic yogic breathing techniques are explained so that one can immediately begin working with the ancient science of breath. Fourteen Lessons in Yogi Philosophy This book contains, as the title suggests, 14 lessons on Yogi philosophy. Chapters include, The Mental Principles, The Spiritual Principles, Telepathy And Clairvoyance, Human Magnetism, Thought Dynamics, Beyond The Border, Spiritual Evolution, The Yogi Path Of Attainment, Occult Therapeutics, and The Astral World.

The Hindu-Yogi Science of Breath Atkinson William Walker 2016-06-21 Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

The Hindu-yogi Science of Breath Ramacharaka 1903

The Hindu-Yogi Science of Breath Yogi Ramacharaka 2017-09-09 'The Great Sea of life is swelling and receding, rising and falling and we are responding to its vibrations and rhythms'. A slim volume that contains an innovative approach to breath, as both an action and a surrender. Engaging with the basic truths of human anatomy, the Science of Breath explores not only the profound physical effects that breath has but the psychological and spiritual possibilities it opens up. This book is composed with the particular aim of informing a western learner, it will provide them through the cultural patterns of yoga, the lifestyle which surrounds yogic practice, and a sense of its context within history. Life Energy or Prana is introduced to the reader as a concept at the outset of the book. Yogi Ramcharaka then goes on to shed light on various different elements of the nervous system. A system which informs all aspects of our physical health and has a profound effect on our experience of the world around us. The author engages heavily with the concept of 'Prana', a concept from Hinduism which refers to the energy of the universe. This energy is all around us, we are suffused with it, but we are encouraged by this book to use it for our own spiritual transformation. This book ventures into areas such as charging water, transforming oneself by healing via the breath and even the formation of a personal aura. Yogi Ramcharaka will direct you to immerse yourself in rhythmic, systematic breathing in order to gain the peace which can come from aligning yourself with the energy rhythms of the world around you. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. The Hindu Yogi Science of Breath & Relax With Yoga Yogi Ramacharaka 2008-08-26 2 Books in 1! This book provides a complete Yoga practice including an extremely comprehensive classic book on Yogic Breathing, by Yogi Ramacharaka. This book covers not only the basics, but also includes the value of breath in the practice of healing yourself and others, including distance healing, thought projection, forming your aura, charging water, developing yourself mentally and physically, and regulating your emotions. Relax With Yoga by Arthur Liebers instructs you on all the basic Hatha Yoga postures, with additional recommendations on Yoga diet, Raja Yoga, painless childbirth, and relaxation and peace of mind.

The Science of Breath Yogi Ramacharaka 2009-01-01 The Science of Breath points out the way to physical health along the lines of what Western scientists have termed "deep breathing," etc., but also goes into the less known phases of the subject, and shows how the Hindu Yogi controls his body, increasing his mental capacity, and develops the spiritual side of his nature by the "Science of Breath." By rhythmical breathing one may bring himself into harmonious vibration with nature, and aid in the unfoldment of his latent powers. He knows that by controlled breathing he may not only cure disease in himself and others, but also practically do away with fear and worry and the baser emotions.

The Hindu Yogi Science of Breath William Walker Atkinson 2017-01-16 A westerner gives you the Hindu yogi science of breath and yoga exercises In this book, Atkinson (Yogi Ramacharaka) give you briefly the theories of the functions of respiratory organs, and the part in the human economy played by the breath. The Oriental accepts the theories and facts of his Western brothers (which have been known to him for centuries) and adds thereto much that the latter do not now accept, but which they will in due time "discover" and which, after renaming, they will

present to the world as a great truth.

The Hindu-Yogi Science of Breath: The Benefits of Controlling Mouth and Nose Breathing, as Demonstrated in Traditional Yoga Practice (Hardcover) William Walker Atkinson 2018-08-09 This excellent book represents one of the first and best presentations of Eastern wisdom in the English language. It concerns ancient Hindu traditions and the Yogic practice of observing and regulating the breath. We begin with an admission that Western students are often confused by what exactly Yoga is, and what it is meant to accomplish. Stereotypes of the yogi as spindly, dirty and disheveled men commonly seen sitting in fixed posture at a roadside or marketplace abound. Yet these dismissive images serve only to neglect the spiritual substance and ancient wisdom of yogi science. Seeking to dispel the negative stereotypes and present the vivid truth, Atkinson discusses the multiple schools of yoga and their general purpose. Some emphasize control over the body's motions, while others favor inner development of the spirit. Several however emphasize the control of the breath; and it a practical explanation of this that Atkinson relays in the remaining fifteen chapters of this book.

The Hindu-Yogi Science of Breath William Walker Atkinson 2022-09-03 First published in 1903, 'The Hindu-Yogi Science of Breath' by William Walker Atkinson, an attorney, merchant, publisher, and author, as well as an occultist and an American pioneer of the New Thought movement. Yogi system of Complete Breathing is of vital importance to every man, woman, and child who wishes to acquire health and keep it. This book explains in layman's terms what happens inside our bodies when we inhale and then exhale. And the effects improper breathing has on both our internal and external extremities. It describes nature's proximity to the respiratory, and circulatory systems. The final sections include invaluable Yogi breathing exercises for increased breathing awareness and better health.

The Yogi Science of Breath Ramacharaka 2012-04-07 Yogi Ramacharaka's 1903 text The Hindu-Yogi Science of Breath: A Complete Manual of the Oriental Breathing Philosophy of Physical, Mental, Psychic, and Spiritual Development discusses both Western and Eastern breathing philosophy in plain English. These teachings come from adepts and yogis, but Ramacharaka's fluid writing caters to the layman This empowering work helps readers to understand the power of this everyday - and often ignored - practice. The classic guide covers everything from the esoteric theories of breath to the emotional, mental, physiological, psychic, and spiritual aspects of breathing, along with exercises to develop them.

Ramacharaka's ideas merit attention - even today - not because they are a "secret science," but because so many of them work. Famed trumpet player Maynard Ferguson identified it as an early influence on his decision to adopt yogi deep breathing techniques, and later claimed that it revolutionized the way he approached the trumpet. Among many musicians, swimmers, martial artists, fitness gurus, yoga practitioners, endurance runners, and holistic healers, The Yogi Science of Breath is considered an indispensable reference guide and tool.

PRANAYAMAS - The Yoga Breath Yogi Ramacharaka 2021-06-02 "A COMPLETE MANUAL OF THE SECRET YOGIC BREATH!"

PRANAYAMAS - The Yoga Breath A Complete Manual of THE ORIENTAL BREATHING PHILOSOPHY of Physical, Mental, Psychic and Spiritual Development. By YOGI RAMACHARAKA Based on the book The Hindu-Yogi Science of Breath by Yogi Ramacharaka, 1904.

The Science of Breath - Illustrated Yogi Ramacharaka 2017-02-15 Formally titled The Hindu-Yogi Science of Breath. In this classic text, Yogi Ramacharaka teaches us the art of moving our vital energy or life force to enhance our state of well being. Sounds innocent enough, but these techniques have been taught around the world for over 5,000 years. This art provides the foundation for all the mystical arts such as various healing modalities, out of body experiences, using sexual energy to increase vitality and creativity. Special techniques to increase -personal magnetism-. Also discussed is Spiritual Breathing. As the Maharishi Ramacharaka states, -man has many faculties which are at present in a dormant state, but which will become unfolded as the aspirant practices these yogic breathing techniques.- These would include -spiritual powers of consciousness, which will not become the common property of humanity until after long ages of gradual development under the law of evolution.- In the final chapters, Ramacharaka offers techniques for the attainment of Universal Consciousness by meditation and rhythmic breathing. He states that -many have thus attained the highest degree of spiritual attainment possible to man in this stage of his existence.- In modern terms, he verifies the teachings of the Bhagavad Gita. Universal Consciousness is what the modern yogi's call Cosmic Consciousness. A state in which pure awareness is maintained while experiencing waking state. So, the uninitiated may ask, why haven't I heard about these magical techniques that bring about a high sense of wellbeing, mindfulness, and freedom from the fear of death. In the west, our world view is dominated by science and before that organized religion that taught that divinity could only be reached through the Church. That is, the Church acted as an intermediary between Divinity and Man. The same dogma also taught that Man was born with Original Sin - a tainted soul that could only be untainted by offerings to the Church. Slowly but surely these doctrines and dogma are being replaced by a more loving spiritual perspective. Science is now on the verge of rediscovering these forces of nature - Prana, the Life Force also called Subtle Energy in the United States. Scientists like Dr. Tiller and Dr. Swanson are currently working with Subtle Energy in the laboratory. They are developing Prana detectors, Prana generators, and dare I say Prana transmitters even though this energy is not accepted by mainstream scientists. I remember when young entrepreneurs experimented with radio energy before radios were invented. Unfortunately, Maharishi Ramacharaka's techniques will not be accepted by the West until verified by science. Today, the kids at the European Organization for Nuclear Research C.E.R.N have rebuilt their accelerator making it more powerful, now that the standard model has been completed. They are searching for even smaller energy particles. Call me a madman, but I believe that they will find the Subtle Energies that the Maharishi Ramacharaka calls Prana, which he uses to manifest the mystical arts. If so, not only will our world view be changed forever, but a new era of peace and prosperity will issue forth. The West will say they discovered a new energy. You and I will know that they really only rediscovered an energy that the East has known and used for thousands of years. Yogi Ramacharaka would be proud that humanity is finally waking up to realize its true nature.

The Hindu-Yogi Science of Breath Yogi Ramacharaka 2021-06-13 This book has been deemed as a classic and has stood the test of time. The book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. The Hindu Yogis have always paid great attention to the Science of Breath, for reasons which will be apparent to the student who reads this book. Many Western writers have touched upon this phase of the Yogi teachings, but we believe that it has been reserved for the writer of this work to give to the Western student, in concise form and simple language, the underlying principles of the Yogi Science of Breath, together with many of the favorite Yogi breathing exercises and methods. We have given the Western idea as well as the Oriental, showing how one dovetails into the other. We have used the ordinary English terms, almost entirely, avoiding the Sanscrit terms, so confusing to the average Western reader.

The Hindu-Yogi Science of Breath Lee Darby 2017-09-15 By Yogi Ramacharaka. A Classical Manual of the Oriental Philosophy of Physical, Mental, Psychic, and Spiritual Development by the intelligent Control of the Breath.

The Hindu-Yogi Science of Breath Ramacharaka 1905

The Hindu-Yogi Science of Breath William Walker Atkinson 2014-07-24 "The Hindu-Yogi Science of Breath" provides an excellent overall basis for understanding proper breathing and the "science of the sacred" in terms of the relationship between the solar plexus, its chakra, and the human mind. CONTENTS: I. Salaam II. "Breath Is Life" III. The Exoteric Theory of Breath IV. The Esoteric Theory of Breath V. The Nervous System VI. Nostril Breathing vs. Mouth Breathing VII. The Four Methods of Respiration VIII. How to Acquire the Yogi Complete Breath IX. Physiological Effect of the Complete Breath X. A Few Bits of Yogi Lore XI. The Seven Yogi Developing Exercises XII. Seven Minor Yogi Exercises XIII. Vibration and Yogi Rhythmic Breathing XIV. Phenomena of Yogi Psychic Breathing XV. More Phenomena of Yogi Psychic

Breathing XVI. Yogi Spiritual Breathing "From the standpoint of Western physiology alone, without reference to the Oriental philosophies and science, this Yogi system of Complete Breathing is of vital importance to every man, woman, and child who wishes to acquire health and keep it. Its very simplicity keeps thousands from seriously considering it, while they spend fortunes in seeking health through complicated and expensive "systems." Health knocks at their door and they answer not. Verily the stone which the builders reject is the real cornerstone of the Temple of Health."

The Hindu-Yogi Science of Breath. A Complete Manual of the Oriental Breathing Philosophy of Physical, Mental, Psychic and Spiritual Development Yogi R?MACHARAKA (pseud) 1903

The Hindu-Yogi Science of Breath (a Timeless Classic) Yogi Ramacharaka 2016-10-18 The Hindu Yogis have always paid great attention to the Science of Breath, for reasons which will be apparent to the student who reads this book. Many Western writers have touched upon this phase of the Yogi teachings, but we believe that it has been reserved for the writer of this work to give to the Western student, in concise form and simple language, the underlying principles of the Yogi Science of Breath, together with many of the favorite Yogi breathing exercises and methods. We have given the Western idea as well as the Oriental, showing how one dovetails into the other. We have used the ordinary English terms, almost entirely, avoiding the Sanscrit terms, so confusing to the average Western reader.

The Hindu-Yogi Science of Breath Yogi Ramacharaka 2018-11-12 2018 Reprint of 1960 Edition. Full facsimile of the original edition, not reproduced with Optical Recognition software. Originally published in 1903, this is a manual of the philosophy of physical, mental and spiritual development by the intelligent control of the breath. Ramacharaka [William Walker Atkinson] was the author of several books on the subject of Eastern Philosophy and its practices. For thousands of years, yogis have believed that breath is the essential link between body and mind, energizing a subtle body which connects the physical and mental aspects of our being. In this book, Swami Rama explores the science of breath as the missing key to both physical health and the attainment of higher states of consciousness. Basic yogic breathing techniques are explained so that one can immediately begin working with the ancient science of breath.

The Hindu-Yogi Science Of Breath Y. Ramacharaka (William Walker Atkinson) 2020-03-09 The Hindu-Yogi Science Of Breath: A Complete Manual Of The Oriental Breathing Philosophy Of Physical, Mental, Psychic And Spiritual Development. This book is a result of an effort made by us towards making a contribution to the preservation and repair of original classic literature. In an attempt to preserve, improve and recreate the original content, we have worked towards: 1. Type-setting & Reformatting: The complete work has been re-designed via professional layout, formatting and type-setting tools to re-create the same edition with rich typography, graphics, high quality images, and table elements, giving our readers the feel of holding a 'fresh and newly' reprinted and/or revised edition, as opposed to other scanned & printed (Optical Character Recognition - OCR) reproductions. 2. Correction of imperfections: As the work was re-created from the scratch, therefore, it was vetted to rectify certain conventional norms with regard to typographical mistakes, hyphenations, punctuations, blurred images, missing content/pages, and/or other related subject matters, upon our consideration. Every attempt was made to rectify the imperfections related to omitted constructs in the original edition via other references. However, a few of such imperfections which could not be rectified due to intentional/unintentional omission of content in the original edition, were inherited and preserved from the original work to maintain the authenticity and construct, relevant to the work. We believe that this work holds historical, cultural and/or intellectual importance in the literary works community, therefore despite the oddities, we accounted the work for print as a part of our continuing effort towards preservation of literary work and our contribution towards the development of the society as a whole, driven by our beliefs. We are grateful to our readers for putting their faith in us and accepting our imperfections with regard to preservation of the historical content. HAPPY READING!

The Hindu-Yogi Science of Breath Yogi Ramacharaka 2016-03-24 Excerpt: "Breath is Life"Life is absolutely dependent upon the act of breathing. "Breath is Life."Differ as they may upon details of theory and terminology, the Oriental and the Occidental agree upon these fundamental principles.To breathe is to live, and without breath there is no life. Not only are the higher animals dependent upon breath for life and health, but even the lower forms of animal life must breathe to live, and plant life is likewise dependent upon the air for continued existence. The infant draws in a long, deep breath, retains it for a moment to extract from it its life-giving properties, and then exhales it in a long wail, and lo! Its life upon earth has begun. The old man gives a faint gasp, ceases to breathe, and life is over. From the first faint breath of the infant to the last gasp of the dying man, it is one long story of continued breathing. Life is but a series of breaths.Breathing may be considered the most important of all of the functions of the body, for, indeed, all the other functions depend upon it. Man may exist some time without eating; a shorter time without drinking; but without breathing his existence may be measured by a few minutes.And not only is Man dependent upon Breath for life, but he is largely dependent upon correct habits of breathing for continued vitality and freedom from disease. An intelligent control of our breathing power will lengthen our days upon earth by giving us increased vitality and powers of resistance, and, on the other hand, unintelligent and careless breathing will tend to shorten our days, by decreasing our vitality and laying us open to disease.Man in his normal state had no need of instruction in breathing. Like the lower animal and the child, he breathed naturally and properly, as nature intended him to do, but civilization has changed him in this and other respects. He has contracted improper methods and attitudes of walking, standing and sitting, which have robbed him of his birthright of natural and correct breathing. He has paid a high price for civilization. The savage, to-day, breathes naturally, unless he has been contaminated by the habits of civilized man.The percentage of civilized men who breathe correctly is quite small, and the result is shown in contracted chests and stooping shoulders, and the terrible increase in diseases of the respiratory organs, including that dread monster, Consumption, "the white scourge." Eminent authorities have stated that one generation of correct breathers would regenerate the race, and disease would be so rare as to be looked upon as a curiosity. Whether looked at from the standpoint of the Oriental or Occidental, the connection between correct breathing and health is readily seen and explained.The Occidental teachings show that the physical health depends very materially upon correct breathing. The Oriental teachers not only admit that their Occidental brothers are right, but say that in addition to the physical benefit derived from correct habits of breathing, Man's mental power, happiness, self-control, clear-sightedness, morals, and even his spiritual growth may be increased by an understanding of the "Science of Breath."

The Hindu-Yogi Science of Breath William Walker Atkinson 2020-03-04 There have been for ages past in India and other Oriental countries men who devoted their time and attention to the development of Man, physically, mentally and spiritually. The experience of generations of earnest seekers has been handed down for centuries from teacher to pupil, and gradually a definite Yogi science was built up. To these investigations and teachings was finally applied the term "Yogi," from the Sanscrit word "Yug," meaning "to join." From the same source comes the English word "yoke," with a similar meaning. Its use in connection with these teachings is difficult to trace, different authorities giving different explanations, but probably the most ingenious is that which holds that it is intended as the Hindu equivalent for the idea conveyed by the English phrase, "getting into harness," or "yoking up," as the Yogi undoubtedly "gets into harness" in his work of controlling the body and mind by the Will. The Hindu-Yogi Science of Breath William Walker Atkinson 2014-01-14 This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.
